Important factors that could influence Company's operations include global and domestic financial market conditions affecting the interest rates, availability of resources for the financial sector, market for lending, changes in regulatory directions issued by the Government, tax laws, economic situation and other relevant factors.

Opportunities and Threats:

With the introduction of the concept of e-governance, both the Central and State Governments are keen on implementing different projects to keep the activities of the Governments transparent, timely and cost effective. There is an absolute increase in the fund allotment by the Governments for implementing the projects. This creates an opportunity for the experienced and expert organizations to broaden their horizon and support the Government in faster implementation of the projects.

The increased volume of business attracts more number of players in the field and the competition becomes severe. Effect of global recession on Indian economy could be an indicating factor. Only the effective and efficient organizations could stand such a situation. The management is confident that with its exposure and experience in this field of e-governance, it stands a better chance than others.

Internal control systems and their adequacy:

The Company through its extensive experience has a system that ensures control over various functions in its business. On the financial side, periodic audits by internal auditors and statutory auditors provide a means whereby any weakness is exposed and rectified.

Financial Performance with respect to Operational Performance:

The management has established a tight and prudent financial control system in the Company. The financial highlights are shown in the Directors' report, the audited balance sheet and the profit and loss account.
